

Heather Midkiff

13-2 Assistant Coach

I am currently attending my last year in Athens, GA at The University of Georgia. I will graduate in the spring with my Bachelors of Science in Psychology! I have played volleyball since I was 11 when I started out playing for my church, St. Brigid's intramural team for 3 years.

Once I reached age 14, I tried out for Ga5 and made the 14-1 (Ken's) team, followed by 15-2 (Mallory's) team. The next year I was on the PLA 15-1's team. During this year I was also the manager of my high school volleyball team, Johns Creek High School. I played for one last year, for PLA on the 16-1's team.

I'm very excited for this upcoming season, and it makes it even more special that I started out at Ga5 around the same age as these girls!! Thank you so much for this opportunity!
